zoomrooms

Zoom Rooms for Mac, PC, or TouchScreens

Revolutionzes the way teams use conference and huddle rooms

Affordable Video Conferencing

★ Use off-the-shelf hardware with cloud-based Zoom Room software for a fraction of the cost of traditional video conferencing systems

★ Works for small, medium and large conference rooms

Seamless Integrations for Ease of Use

★ Personal Room ID integrates with Google or Microsoft Exchange calendar for easy scheduling, joining and meeting management

★ See the room's schedule of upcoming meetings and start your meeting with a single touch on your iPad controller

Room for Everyone

★ High quality video and audio conferencing with up to 200 interactive video participants or 3,000 webinar viewers

Flexibility for all devices

★ Supports BYOD environments - participants can join from desktops, laptops, mobile devices, telephones, traditional H.323 room system and Zoom Rooms

Wireless Content Sharing

★ Share high-resolution content over Wi-Fi, AirPlay mirroring or by direct HDMI connection

★ You can even share a video clip with audio

Additional Features

★ Supports up to 3 screens with split views, gallery or active speaker options

★ Record meetings

★ Multi-layer security

★ Admin Dashboards show usage, providing instant ROI metrics and alerts for potential hardware issues

Room Connectors

Extends your traditional H.323/SIP room systems to the cloud

★ Interoperability enables H.323/SIP room systems to communicate with desktop, tablet, mobile devices, Zoom Rooms and other H.323/SIP endpoints

★ Works with may legacy endpoints including Polycom, Cisco, Lifesize, and others

• •

"When Zoom announced Zoom Rooms, it was a 'eureka' moment for us. We could have the same simplicity in our conference rooms that Zoom offers us at the desktop layer."
Dennis Vallone, Network Administrator
BAYADA Home Health Care

"Zoom just works, right off the bat. Elegant, easy—you click and you're connected."
John Bansavich, Ed.D
University of San Francisco

About Zoom

Zoom unifies cloud video conferencing, simple online meetings, group messaging, and a software-defined conference room solution into one easy-to-use platform. Our solution offers the best video, audio, and wireless screen-sharing experience across Windows, Mac, Linux, iOS, Android, BlackBerry, Zoom Rooms, and H.323/SIP room systems. Founded in 2011, Zoom's mission is to make video communications frictionless.
